ITEMS FOR DISCUSSION

A) Director's Report

Director Smith presented an update on the budget and announced an upcoming approximately four-million-dollar request for staffing, services, a learning management system, improved space, and other items.

Vice-Chair Jester encouraged the Director to present her requests to the Finance Committee of the Board of Commissioners if necessary.

In response to a question from Ms. Motter, the Director clarified that the majority of the four million dollars would fund new positions and temporary workers. It would also cover communication services such as provided by Erik Burton's team. Ms. Motter asked if any equipment was being requested. The Director responded that equipment was being considered to house the separate voting machine components together in one space.

Mr. Lewis asked when the county might decide on the request. The Director responded that requests were on hold countywide but that she would follow up with the administration.

Director Smith announced the completion of a mock risk-limiting audit of the June 21 primary runoff in partnership with state. The results showed no discrepancies with the machine count. She thanked the staff who performed the audit and community partners who chose to observe.

Vice-Chair Jester thanked the Director for performing the audit, though she regretted that the parties had not been notified earlier.

Mr. Lewis asked why the Director had described the procedure as a mock audit. The Director responded that this was the state's terminology. The mandatory audit conducted in November would be required to be completed before certification. However, the audit was conducted according to the official processes.

Mr. Lewis stated that he would have liked a larger-scale audit and asked if this was meant to be an actual audit or a test. The Director responded that the audit was performed as if it were an audit required for certification.

Chair Lowman Smith clarified that the Secretary of State's office had offered counties the opportunity to volunteer for a risk-limiting audit in either the primary or the runoff, which the department had accepted. The state had selected the batches to be sampled.

The Director introduced a report analyzing the May 24 Commission District 2 race for the public to better understand the numbers that were posted and the sources of error in the initial machine count. She reiterated that the security, integrity, and accuracy of elections are the department's top priorities, and that the processes implemented to address the challenges in that race had yielded an outcome that she could stand behind.

Chair Lowman Smith thanked the department for its thorough and deliberate approach. She hoped the public would share the report and understand that the staff was working diligently to prevent issues like this in the future.

Vice-Chair Jester encouraged the Director to publish the report as a press release, on the department's website, or on social media.

Director Smith notified the board of a potential bond referendum by the City of Dunwoody which could result in a special election in November.

B) Commissioner's Comments

Commissioner Ted Terry had no comments.

Commissioner Mereda Davis Johnson stated that the board and the Executive Director were doing an excellent job.

C) Expanding the Risk-Limiting Audit

Mr. Lewis asked Director Smith to clarify an email involving a second round to the risk-limiting audit. The Director responded that the audit software had initially called for a second round, but that VotingWorks had ultimately determined it to be an error on their end, and that the risk limit had been met in the audit's first round.

Mr. Lewis asked why the department had chosen to audit the runoff instead of the primary. The Director responded that when information came in about the primary audit, the department had been unable to divert resources from certification.

Mr. Lewis requested auditing more races in November, and up to 20% of the ballots.

Ms. Swift asked if the audit had been conducted along the state's guidelines and whether there was any guidance regarding an appropriate sample size. She recommended against departing from what would be considered a standard audit. The Director responded that the procedures used were standard. VotingWorks had offered the choice of a 5% or 10% risk limit, and that the number of ballots sampled had been determined by that choice.

Ms. Motter noted that there were rules from the State Election Board concerning how the audit was performed. She asked if there was guidance on how to select additional races to audit if the board chose. The Director responded that the mandatory audit would be of a statewide race of the state's choosing. She deferred to the Law Department regarding any additional races. Ms. Vander Els stated that she did not know of any such guidance but would do additional research.

Ms. Motter noted that in her experience as a former Certified Public Accountant, audit parameters are typically set by experienced professionals and recommended deferring to the state's guidance, if any, on sample size and number of races.

Vice-Chair Jester noted that there was no prohibition against DeKalb doing its own audits in addition to those mandated by the state. She recommended discussing the formulation of a policy at an upcoming board retreat. She agreed with Ms. Motter that expert advice would be welcome. She suggested that although no Republican races had been on the ballot in this election, the policy should consider races from both parties when available, as well as every type of ballot.

Mr. Lewis commented that if the board could formulate its objectives for the audit, the state could potentially offer guidance on how to achieve those goals.

Chair Lowman Smith clarified that the staff already has certain types of audits built into its procedures prior to certification. She asked the department to provide more insight into that process. However, she

noted that the parameters of the mandatory risk-limiting audit would be set by the state. She also reminded listeners that the issue of party-specific races would not occur in November's general election.

D) Making Ballot Images Public

Mr. Lewis noted that the department frequently received open records requests for ballot images and wondered whether the images could be published on the department's website. The Director responded she was interested in doing this and would work with the IT department.

Chair Lowman Smith noted that SB 202 required the Secretary of State's office to provide a means for the public to access ballot images and regretted that the counties were having to take on that responsibility.

Vice-Chair Jester asked if the state was working on that module. The Director responded that she did not know the state's progress.

Vice-Chair Jester asked what the ballot images looked like. The Director responded that the file consisted of an image of the ballot itself together with a receipt. The Vice-Chair asked if the images contained any identifying information. The Director responded that they did not.

Ms. Motter stated for the record that publishing ballot images is a good idea as long it can be done without compromising the voter's privacy.

Ms. Swift noted for the public that the upload involved is significant because each file consists of multiple pages of images for each ballot cast in the election. She commented that publishing the images is a great idea which could reduce some of the requests to the department, but that it is unfortunate that the county is having to expend resources on it.

Ms. Motter raised the concern that the ballot images might be misused and recommended considering watermarks or other security features according to the guidance available.

ITEMS FOR DECISION

A) City of Atlanta Special Election

Director Smith announced a request from the City of Atlanta to hold a special election in November and requested authorization from the board to enter into agreements of this kind.

Motion by Ms. Motter that for the duration of the 2022 election cycle, the board authorize the Executive Director to approve requests received from a municipality to conduct a special election where the request is received pursuant to the board's contract with the municipality, and the county is already conducting an election on the date requested by the municipality. The motion was seconded by Vice-Chair Jester. The motion carried unanimously.

BOARD COMMENTS

Vice-Chair Jester thanked the Director for a great report and asked her to keep the board informed about the budget.

Mr. Lewis thanked the staff and the Director for getting through the runoff and echoed his appreciation for the report.

Ms. Motter and Chair Lowman Smith thanked the Law Department and VRE staff for their work on the minutes.

Ms. Motter thanked the staff and the Director, especially for volunteering for the RLA.

ADJOURNMENT

Motion by Vice Chair Jester, seconded by Ms. Motter, to adjourn the meeting. The motion carried by a unanimous vote. The meeting was adjourned at 5:46 p.m.

CANVASS AND AUDIT OVERVIEW

DeKalb County Voter Registration and Elections, 7/22/2022

THE CANVASS

After each election, we go through a process of reconciling our records of voters, ballots cast, and election results. This includes what we have traditionally called “the audit” in this office. In this document we will call it “the canvass” to avoid confusion with the risk-limiting audit which is now required by the state.

There are four sources of votes which need to be canvassed.

Election Day

Canvassing election day results requires comparing information about voter credit to information about ballots cast.

Information about voter credit comes from:

- Poll Pad recaps
- Poll Pad reports from ePulse
- Supplemental Electors Lists and Numbered Lists
- County Participation History Reports

Information about ballots cast comes from:

- Scanner recaps
- Reports from RTR: SOVC/ENR/CVR
- A count of the number of paper ballots received

All the information is assembled into one spreadsheet and discrepancies are investigated.

Advance Voting

Advance voting credits and ballots cast are balanced daily during the advance voting period by comparing an Absentee Voter Report to the applications received and the scanner totals. Results are sent to the office by an online recap. On election night, the expected ballots cast only need to be compared against the Statement of Votes Cast. After the election, the number of paper ballots received is verified.

Absentee

A daily recap compares absentee ballot credits to envelopes which are batched for opening. A second recap compares ballots extracted from envelopes to ballots scanned. On election night and afterwards, the expected ballots cast only need to be compared to the Statement of Votes Cast.

Provisional

Provisional workers assemble a complete numbered list for the county. This list is compared against a County Participation History Report to verify credit and SOVC/CVR reports to verify the ballots cast.

CANVASS PRODUCTS

In addition to the verification of each vote stream, the canvass results in two documents that we need for other purposes.

The Ballot Manifest

The Ballot Manifest is a list of what batches exist, what containers they are stored in, how many ballots they contain, and how many votes each candidate received in each batch. Information about batches and containers is maintained throughout the election. Additional information is available from the Cast Vote Records report. The manifest is required for the RLA.

30-Day Ballot Cast and Voter Credit Reconciliation Report

We are required to report a precinct-level summary of ballots cast and voter credits to the state within 30 days of certification. This brings together all the information from the canvass. Verification of advance and absentee ballots at the precinct level is not possible until after the election.

THE AUDIT

When the canvass has verified the number of ballots cast, we use two audit procedures to verify the tabulation of the votes.

Risk-Limiting Audit

A risk-limiting audit involves hand verification of a random sample of batches from the ballot manifest. The votes from the audit count are compared to the votes listed on the manifest. Counting continues until it can be demonstrated that the chance of a mistaken outcome is below a certain threshold, called the risk limit.

The state requires a risk-limiting audit every two years. We have performed a voluntary audit of the June 21, 2022 runoff and plan to perform audits of every subsequent election.

Ballot Image Spot Checks

The EMS server stores images of every ballot cast, together with a receipt listing how the voter's selections were interpreted by the software. After each election we perform spot checks to verify that the vote recorded on the receipt matches what is written on the ballot itself.

200 spot checks of a race are sufficient to guarantee a 98% chance that a 2% error will be caught. Our policy is to perform up to 200 checks per race as time permits, but at least enough checks to guarantee a 99% chance that the victor was declared correctly. The sample size required by the latter criterion depends on the margin of victory.

FACILITY USE AGREEMENT FOR POLLING PRECINCTS

THIS AGREEMENT, made as of the ___ day of _____, 20___, by and between _____ (“**Owner**”) and DEKALB COUNTY BOARD OF REGISTRATION AND ELECTIONS (hereinafter referred to as “the **Board**”) shall constitute the terms and conditions under which Owner shall provide space for use by the Board, as provided herein. Owner is the owner of a facility located at _____ (the “**Premises**”). NOW, THEREFORE, in consideration of the mutual covenants and agreements herein set forth, Owner grants to the Board the revocable right to temporarily occupy and use the Premises, and the parties hereby agree as follows:

ARTICLE I. CONTRACT TERM

The term of this Agreement (“**Term**”) shall commence on _____, 20___ (“**Commencement Date**”) and includes all elections specified herein through _____, 20___, unless otherwise terminated by the Board pursuant to this Agreement. This Agreement shall terminate 30 days after the last election for which Owner indicates availability.

Owner is hereby notified of all election dates and the corresponding early voting periods for the current election cycle, including the dates of a potential runoff and/or special election(s), Owner has indicated its availability as a polling precinct for the following (check all that apply):

ARTICLE II. PAYMENT

The Board agrees to pay Owner, without further demand or notice, a nominal fee in the amount of [insert amount], payable upon execution of the Agreement.

ARTICLE III. SCOPE OF WORK

- A. Delivery of Equipment.** Owner and the Board shall schedule delivery of equipment at an agreed upon time. Voting equipment is usually delivered one week prior to the date of the election. The equipment must be placed in a secure storage space. In the event delivery of equipment cannot be scheduled during the week prior to the Monday before the date of the election, or the previously agreed upon delivery date requires rescheduling, Owner shall communicate with the Board to arrange for Monday delivery.
- B. Delivery of Premises.** Generally, Owner will deliver Premises to the Board at an agreed upon time to set up the equipment and prepare for the election; however, the Poll Manager shall have access to the Premises *no later than the Monday prior to the date of*

the election. The Poll Manager will be the point of contact and is responsible for making these arrangements with Owner. The equipment and supplies shall remain undisturbed in the Premises until after the election is completed, and thereafter should be retrieved within 14 business days. For Election Day, Poll Manager shall have access to the Premises *no later than 5:45 a.m.* on election morning in order to prepare to open the polling location *at precisely 7:00 a.m.*, and will have possession until the poll closes and all post-election work is completed. Additionally, Poll Manager and poll workers shall have access to a telephone and internet/Wi-Fi services at the facility before and after normal operating hours of the Premises, to make and receive calls as necessary in the event cell phone service is not available.

- C. **Insurance.** Poll Workers are insured by DeKalb County; however, DeKalb County is not liable for any injuries to the public pursuant to this Agreement. To the extent Owner finds it necessary to purchase a rider to their policy for any additional coverage, Owner must provide the cost in writing to the Board, or the Board Designee, before execution of this Agreement.
- D. **Miscellaneous.** The Board will reimburse Owner for reasonable expenses involved in use of the facility as a polling place. This expense may include, but is not limited to, the cost of janitorial services, utilities, and any damage caused to the premises in an amount not to exceed one thousand (\$1,000.00) dollars. Reimbursement is conditioned upon review of any cost estimates, receipts, invoices or other supporting documentation which must be provided to the Board.
- E. **Use of Premises.** Use of the Premises shall be limited to providing early voting and/or election day voting for citizens, including any post-election operations as necessary.

Owner reserves the right to establish rules for use of the Premises (i.e., no smoking, etc.) to be provided in writing upon execution of this Agreement. The Board does not assume any responsibility for the conduct of the public in attendance or any damage to the Premises caused by the public.

- F. Surrender of Premises.** Upon the expiration of the Term or earlier termination, the Board shall surrender the Premises to Owner in a neat, clean and orderly condition. The Board shall remove any and all signs and other equipment or property belonging to the DeKalb County Department of Voter Registration and Elections within 14 business days of the conclusion of the specified election(s) in the Term.

ARTICLE V. OTHER STIPULATIONS

- G. Lease Extension.** The Board will have the option to extend the Agreement for a total of (2) twelve month periods by giving the Owner written notice prior to the date of the last election for which the Owner indicated availability.
- H. Right to Terminate.** At any time during or prior to the Term, The Board may in its sole discretion and without cause or reason, terminate this Agreement upon one (1) day prior notice to Owner, at which time this Agreement shall cease and terminate, and the Board shall vacate the Premises on or before the termination date set forth in the notice to terminate.
- I. Georgia Laws Govern.** This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Georgia.

J. Venue. This Agreement shall be deemed to have been made and performed in DeKalb County, Georgia. For the purpose of venue, all suits or causes of action arising out of this Agreement shall be brought in the courts of DeKalb County, Georgia.

K. Status as Lessor. The relationship between Owner and The Board shall be that of lessor and lessee.

L. Sole Agreement. This Agreement constitutes the sole agreement between the parties. No representations oral or written nor incorporated herein shall be binding upon the parties. No amendment or modifications of this Agreement shall be enforceable unless approval by action of The Board.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed in three counterparts, each to be considered as an original by their authorized representative, on the day and date hereinabove written.

DeKalb County Board of Registrations and Elections

4380 Memorial Drive, Suite 300

Decatur, GA 30032-1239

Dear Members of the DeKalb County Board of Registrations and Elections,

Pursuant to the Official Code of Georgia Annotated (OCGA) Sections 21-2-229 and 21-2-230, as updated by Senate Bill 202 as adopted in 2021, the undersigned— Robert Smith—is a qualified elector of DeKalb County. Attached in the excel sheet is a list of 1,113 moved, Active Voters that were identified through the course of actively canvassing for annexation. The current residents, or neighbors, told the canvassers that the individuals in question had moved and no longer resided at that address. Additionally, we have gathered information of the current residences of these challenged voters. Based on this evidence, we respectfully request that the Board hold a hearing to determine these 1,113 voters' eligibility to vote within DeKalb County, Georgia.

Respectfully submitted,

Robert Smith
