As part of DeKalb County's \$2.4 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community.

This letter serves as formal notification that a community meeting will be held on

**Thursday, May 2 at 6:30 p.m.**

Use the following link to attend: <https://dekalbcountyga.zoom.us/j/89476501857>.

Construction activities for Phase I of the **Woodacres Water Main Replacement Project** have begun. Normal construction hours are from **7 a.m. to 7 p.m. Monday through Friday, excluding major holidays**. Property owners will be notified in advance of significant changes in scheduled work hours.

Please be advised to expect an **increase in construction-related noise and traffic during work hours**. Property owners will be notified 48 to 72 hours prior to the start of impactful construction activities. Our construction crews will work diligently to minimize the length of impact to residents as they replace 4,105 linear feet of 8-inch ductile iron pipe (DIP). Phase I of the project is expected to last approximately six months, with construction completed in October 2024.

**Ruby Collins**, working on behalf of DeKalb County, is the authorized contractor for the **Woodacres Water Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Woodacres Water Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email [projectinfo@dekalbcountyga.gov](mailto:projectinfo@dekalbcountyga.gov).

We appreciate your patience as we work diligently to make improvements to DeKalb County's water main system.
